

City Employee Retirement Plan Defeated 705 to 488

Around the Square

Has anybody else got hay fever? Thed cobe od aroud ad let's cobbiserate.
But brig your owd Kleedex.

The following rules, vintage of the 1880's, were posted in an Amboy, Illinois, store, operated by the founders of what is now called Carson, Pirie, Scott & Co., of Chicago.

1. Store must be open from 6 a. m. to 9 p. m. the year round.
2. Store must be swept; counters, shelves and showcases dusted; lamps trimmed, filled and chimneys cleaned; pens made; doors and windows opened; a pair of water and a bucket of coal brought in before breakfast. (If there is time to do so, attend to customers who call).

3. The store must not be opened on the Sabbath unless necessary and then only for a few minutes.

4. The employee who is in the habit of smoking Spanish cigars, being shaved at the barber's, going to dances and other places of amusement will assuredly give his employer reason to be suspicious of his integrity and honesty.

5. Each employee must pay not less than \$5.00 per year to the church, and must attend Sunday school regularly.

6. Men employees are given one evening a week for courting, two if they go to prayer meeting.

7. After 14 hours in the store, the leisure hours should be spent for the most part in reading.

Who sewed up the Chief of Police's coat pocket so that when he was speechifying the other night, his right hand found no place to rest and ended up somewhere in a vest pocket?

T'aint fair, Marie. A hand-in-pocket man is thus for all his day and no stitch in time will save him.

Got a kinda fancy typed-up publicity hand-out from Robert W. Kenny concerning a meeting in Fresno.

Says he:
"We are gratified that response from Wallace Democrats who will take part has come not only from the major population centers, but also from communities like Sierra Madre, Button Willow and Crow's Landing—which proves that the 'grass roots' movement is not just a figure of speech."

Wal, let's shift the oat we're chawin on, to say that them Button Willow and Crow's Landing don't even show up in the clearance—and puttin' Sierra Madre in any 'grass roots' division is shore considered a figure of speech hereabouts.

Tentative Boost Of Half Million in S. M. Assessment

Based on incomplete returns from the County Assessor's Office, it appeared today that the assessed valuation of the City of Sierra Madre for the 1947-48 fiscal year, basis for the city's tax rate, has tentatively been set at \$4,592,635.

This figure does not include assessment of public utilities or the deduction for exemptions in the city, the Assessor's office pointed out.

The assessed value tax basis for 1946-47 was \$3,920,535.

Forming an estimate with use of last year's figures on public utilities and exemptions, Sierra Madre would appear due for a \$500,000 boost in assessment on improvements.

Complete figures from the Assessor's Office are expected to be in the City Clerk's office early in August.

Meanwhile Monrovia took a five million dollar boost when the assessed valuation for the coming fiscal year was put at \$14,267,365.

The assessed value of Arcadia was set at \$23,999,645, showing an increase of \$1,244,845.

The total assessed valuation of Los Angeles County was put at \$4,049,606,755, a gain over the previous year of \$1,032,824,740.

All valuation figures are exclusive of public utility valuations and before the final decision by the County Board of Equalization.

C. of C. Tax Group Backs 5 Cent Cut in School Tax

Appearing before Thursday's meeting of the Taxpayers Association Paul Carter, former Councilman, gave a school budget report formulated by the Chamber of Commerce Tax Committee. Members of the committee with Mr. Carter are Judge Noren Eaton and Tom Schwartz.

Basing the survey on discussions of the proposed budget with school officials, the following facts were developed by Mr. Carter:

1. It was agreed that items of capital outlay and maintenance amounting to \$7284, reflecting an increase of \$1000 in the maintenance items, was justified. These items are the result of five years, during which the needed equipment was not available.

2. It was found that last year's income raised \$5000 over actual expenditures. This amount has been set aside as reserve. It appears that a like amount is expected for this year.

It was pointed out in the discussion that each \$500 represents approximately 1c in the tax rate. The budget included an item of retirement, insurance, etc., \$1500 of which is assumed by the State of California. This should show a 3 cent decrease in the tax rate.

Teachers' salaries are up 25 per cent to 28 per cent provided in major part by State constitutional amendment from State tax funds. The committee took exception to a so-called increase increment credit over the salary schedules set by the board which could come out of any increase in revenue based on the theory that 70 per cent of all income collected goes to teachers' salaries.

This would reflect an increase in salaries in proportion to any increase in capital expenditures which is considered unsound procedure. Elimination of this item would reflect an additional 2cent cut in the rate.

According to the Monrovia District Health Dept. there are no cases of poliomyelitis in the City of Sierra Madre. The only case reported so far this month was in Altadena.

PUBLIC HEARING ON ZONE CHANGE TUESDAY, JULY 22

Last chance to express opinion on the Passionist Fathers request for a zone change will be offered Tuesday night, July 22, when the Council holds a public hearing on the controversial proposal.

The petition, asking change to "institutional" zone for the 50 Monastery acres in northwest Sierra Madre, has met with strong opposition evidenced in the minority report drawn up by three Planning Commission members.

The Roman Catholic Order asks the change to allow for improvements, construction of chapels and monastery buildings and creation of a private cemetery.

HANDWORK CLASS SCHEDULE

Handwork classes in all types of craft at the Sierra Madre school are open Monday and Friday from 1 to 4 p. m., for children up to 12 years, and Wednesday from 1 to 4 p. m., all ages over 13, including adults.

Gandhi's Sheet, Benny's Hair Sought By Local Duo

"And all you have to get is a hair from the eyebrow of John L. Lewis; a cigar partly-smoked by Winston Churchill; a copy of the 'Missouri Waltz' autographed by President Truman—and Senator Robert Taft."

The M. C. paused to smile, the studio audience roared with laughter and Betty and Al Anderson, young Sierra Madreans of 650 Woodland Drive, stared at one another in stupefaction as Lady Luck winked at them for the first time in their lives.

It was pretty Betty, who works for a Pasadena firm, that insisted they go to the "Truth or Consequences" broadcast over NBC circuit Saturday, July 5. And it was Al, pleasant, dark-haired young art student, who stood up when a request was made for a couple to come to the stage.

"We were paralyzed," says Betty. "We couldn't have answered the questions if we'd known them—and look what happened!"

What happened was that they flubbed the question asking names of four presidents whose names began with T. So they got the Consequence—a world wide scavenger hunt for ten fantastic articles—with rewards that are equally fantastic.

They must acquire between now and September 6, when the program returns to the air:

1. A partly smoked Churchillian cigar—reward, an automatic wash machine.
2. A hat band from a hat owned by Fiorella La Guardia—reward, tailored suits and topcoats for each.
3. A genuine hair from Jack Benny's toupee—reward \$500 diamond ring.
4. A salt cellar from Senator Pepper—reward a vacuum cleaner.
5. A hambone autographed by Vegetarian George Bernard Shaw

—reward, combination radio phonograph.

6. A shilling from Sir Harry Lauder—reward, a pair of 21 jewel watches.
7. The "Missouri Waltz" with conflicting signatures by President Truman and Senator Taft—reward, a gas range.
8. An autographed collar of Herbert Hoover's—reward, a refrigerator.
9. Hair from John L. Lewis' eyebrow—reward, 72 piece set of sterling silver.
10. Any portion of Mahatma Gandhi's sheet, autographed—reward, a 13 cubic foot deep freezer.

As any huckster could have predicted, No. 3 was a cinch and the couple already has the hair from Jack Benny's toupee with an obliging note:

"This hair is from my toupee (when you're through with it please return it). Jack Benny."

Little Red Suman Studio Off Market

Going—going—and gone—the little red peak-roofed backyard Studio at Suman's on Montecito is off the market and in the possession, for six months, of Jonathan Scott, well-known artist and instructor.

Built for a lark, the studio was designed by A. L. Suman and put together by John Ferguson, maintenance head of the Marsh-Suman-Fairchild firm.

"Always wanted to build one," observed Mr. Suman, shifting his cigar. "Had some time, so we did it. If anybody'd twist my arm, I'd build another."

From the outside the compact studio looks like something Hansel and Gretel found in the woods, inside it is the neat execution of an artist's idea. A great north window reaches the full two floors and the kitchen is a corner with a bar around it but no brass rail. Bedroom and bath are up on a balcony and not recommended for somnambulists.

Mr. Scott, who should have moved in by now, plans to use it for a working studio.

McBride Boy Makes Gain After Injury

Freddie Lee McBride, 4 year old son of Mrs. Hazel White of 39 North Lima, regained consciousness in St. Luke Hospital yesterday for the first time since his critical accident July 12. His stepfather, Howard White, said that doctors report an improvement in the child's condition and hope is maintained for his recovery.

The boy received multiple fractures of the left leg, a broken collarbone, skull fracture and a deep laceration of the forehead when he was struck by a car as he rode his wagon down an inclined driveway into Sierra Madre Blvd.

Police identified the driver of the car as Sylvia Colbert, 23, of 609 West Algeria.

She told police that she did not see the child until he was directly in front of the jeep she was driving. According to police, she swerved but was unable to avoid hitting him. Miss Colbert was not held on charges connected with the accident, but was cited for driving with an expired license.

Special Election Brings Moderate Vote Turn-Out As 1200 Total Registered

In Tuesday's special election called by the City Council, a surprise defeat was handed the proposal that Sierra Madre City employees join the California State Employee Retirement System when 1200 registered voters chalked up 705 No's against 488 Yes votes.

CITY CLERK TAKES OFFICE MONDAY

Lawrence B. Brain, appointed City Clerk by last week's Council action, will assume office Monday, July 21. Until then, Deputy Clerk Marie Schiltz, will carry on the functions of the office.

CONFERENCE CALLED

The California Legislative Conference is calling a special session on August 23-24, in Los Angeles, at the Rodger Young Auditorium, 936 West Washington Boulevard, to which delegates will be sent from organizations hailing from every area in the state and representing the broadcast coalition of labor and community organizations.

Casting a moderately good vote, approximately 41 per cent of Sierra Madre voters turned out for the election; 1193 persons went to the polls and 7 absentee ballots were entered. There are 2907 registered voters in the city, according to the City Clerk's office.

The proposal would have made it mandatory that the Council enter into a contract with the State Retirement System to provide disability and death benefits, and a pension based on prior service for 28 City employees.

City and employees would have paid approximate halves of current costs and the city, as provided by the System, would have undertaken prior service costs, payments to be spread over a 25-year period.

A similar proposal, put before the electorate last year, was approved by a large majority, but the Council voted against entering into the contract.

LOCALITE NOW TRANSLATOR FOR SWISS PAPER

Carita Laurence, former Sierra Madrean, is carving out a name for herself in consular, social and newspaper circles both here and abroad. A native daughter, Carita spent her early childhood in Sierra Madre.

Following graduation from Scripps College, she started her career with the British Consulate in Los Angeles, thence to San Francisco and subsequently landing in Washington D.C. Last March she gave up her job with the consular service to see the world—namely, England and France. But the vacation was short-lived. An offer from a Swiss newspaper to do translations of British and American articles into French for that paper, so intrigued Carita that she succumbed and in June again became a working girl.

She expects to return to Los Angeles in November to be with her mother, Mrs. Roger Laurence, over the Christmas holidays, following which she will return to the East.

Miss Laurence is a niece of Miss Lalla Fagge of 395 Sycamore Place.

Mrs. Gilbert Bovard Critically Injured In Auto Accident

Word has been received that Mrs. Gilbert Bovard, a former resident of Sierra Madre, was in an automobile accident July 4 and is in a critical condition in a Mason City, Iowa, hospital.

Mrs. Bovard, following a recent visit with her Mother-in-law, Mrs. W. S. Bovard of West Montecito, had flown home to Minneapolis and was on her way to Mason City to attend a family reunion when the accident occurred.

As Miss Ruth Klemme she was president of the Sierra Madre Woman's Club and also was active on the local school board at the time the present building was erected.

With an estimated 60,000 residents in the district comprising Sierra Madre, Duarte, Monrovia, Arcadia and Temple City, there is provision for only 37 hospital beds for general use, according to the survey recently conducted in Los Angeles County by Dr. James A. Hamilton.

The greatly increased population of the area makes more apparent the drastic need for hospital facilities, states Dr. Hamilton, who has proposed that a 100-bed community hospital for the area be given number one priority rating. Yet, even while such an institution will alleviate a critical situation, it will not approach the minimum required for best hospitalization for the populace, Dr. Hamilton said.

Further facts enumerated in the Hamilton report reveal that this area stands next to Pasadena in death rate, Pasadena's being highest in the County. Dr. Hamilton does not indicate that this is all due to lack of hospital facilities, but in part to the preponderance of elderly persons living in the district.

The Board of Directors of the Santa Anita Hospital Association is laying plans now for the coming financial appeal throughout the foothill and valley area.

A large group of volunteer workers will present the hospital needs to industrial and commercial organizations while every residential section will be completely covered.

Leo M. Meeker, president of the Association which includes R. C. Lewis and Harry A. Lange, from Sierra Madre, has expressed gratitude for the response and willingness of leading citizens to participate in the ground work.

Mexico Reduces Auto Fees to Ten Cents

The Mexican Government has reduced the fee on automobile permits for American motorists from \$2.10 to 10 cents. Reasons given for this move were to "encourage American motor touring and to stimulate freedom in Inter-American travel."

People who have suffered from sunstroke find heat hard to bear and have an abnormal susceptibility to the action of stimulants.

State Law May Double Insured cars

The Automobile Club of Southern California today predicted that three out of every four California cars in operation on the State's streets and highways by 1950 will be covered by adequate liability insurance as a result of the new Safety Responsibility Act, which became law this week with the signature of Governor Earl Warren. This will approximately double the number of insured cars now in California.

Under provisions of this new measure, which becomes effective July 1, 1948, California motorists who are involved in accidents resulting in injuries or deaths, or in which damage to property is in excess of \$100, will be required by law to deposit security to cover the amount of all claims registered against them in addition to submitting a written report of such accidents within 10 days to the Department of Motor Vehicles.

The department will determine the form and amount of security and will be authorized to suspend the driver's licenses of all those involved persons who do not carry appropriate liability insurance on their cars, or who cannot post adequate security.

Rent Increases Under New Control Only Voluntary

Any increase in rents under the new rent control extension law will be granted only through a voluntary lease signed by both the landlord and the tenant, Ben C. Koepke, Los Angeles area rent director, stated. Koepke pointed out that such a lease would freeze the tenant's rent at an increase of not more than 15 per cent through Dec. 31, 1948.

A tenant who does not wish to sign a lease allowing a 15 per cent boost is not required to do so, Koepke asserted, and his rent will remain at its present level through Feb. 29, 1948.

However, Koepke stressed, those who do not sign leases will be protected by rent control only through next Feb. 29, when the new rent control law expires.

He added that any voluntary lease entered into by the tenant will be non-cancellable by the landlord until its effective date of expiration. The lease may, however, provide that the tenant can terminate the lease at his option before the expiration date.

The landlord must file a copy of the signed lease with the area rent office within 15 days after the lease is executed. The lease must be accompanied by the proper forms, to be provided by the area rent office.

Under the new bill, jurisdiction over evictions returns to local courts. However, eviction is not permissible as long as tenant pays his rent, unless he violates his tenancy under state law, commits a nuisance, or uses the dwelling for immoral or illegal purposes or for other than living purposes.

In addition, a landlord may evict if, in good faith, he seeks possession for his immediate personal use or if he contracts in writing to sell his house to a purchaser for the purpose of substantially altering, remodeling, or demolishing it in order to replace it with a new construction.

Area Profits In Highway Development

Approximately \$220,000,000 will be available to Southern California during the next five years for State highway construction and rights of way under provisions of the new highway act adopted recently by the State Legislature. New highway-user tax schedules are anticipated to yield seventy-five to eighty million dollars per year for highway construction purposes. Southern California's share will be three times more than heretofore available.

Approximately \$5,000,000, Murphy states. He estimates that 15,000 parcels currently deeded to the State are not eligible for sale at this time due to the fact that 6,000 of them have been put back onto the Tax Rolls under the five-year installment payment plan, and 9,000 are being withheld from sale, due to the operation of the State Moratorium Law which forbids the offering at public auction of those unredemmed properties which have been deeded to the State since June, 1943.

Auction sale receipts have been almost \$5,000,000, Murphy states. He estimates that 15,000 parcels currently deeded to the State are not eligible for sale at this time due to the fact that 6,000 of them have been put back onto the Tax Rolls under the five-year installment payment plan, and 9,000 are being withheld from sale, due to the operation of the State Moratorium Law which forbids the offering at public auction of those unredemmed properties which have been deeded to the State since June, 1943.

Announcing the coming event Mr. Murphy pointed out that the opening bid price on each parcel has been reduced to the amount of its assessed valuation, with a minimum opening bid of \$10 instead of a minimum of \$50 as in past sales.

He points out that through sales and redemptions, the Tax Collector's office during the past three years has been successful in reducing the total number of parcels in the County which have been deeded to the State for non-payment of taxes from August, 1939, to date, from 98,616 to 47,537.

Approximately 150 delegates from 19 communities in Southern California will be sent to the annual Salvation Army leaders' institute which opens at Mt. Craggs camp near Calabasas in the Malibu mountains July 24th according to Lieut. Colonel Russell E. Clarke, Salvationist leader for Southern California.

NEWS to List Tax Sales For Aug. 11

The Sierra Madre NEWS is one of 75 community newspapers selected by the County Tax Collector to advertise parcels for sale at the coming Tax Sale 50-A, scheduled to begin Monday, August 11th, 1947.

In excess of 5,000 parcels, embracing town lots, and more than 700 parcels of acreage—10 to 640 Acres each—are to be offered at the sale which will be conducted by Deputy Frank B. Murphy in the Hall of Justice, at Temple and Broadway.

The sale will be the largest ever held in the county.

Announcing the coming event Mr. Murphy pointed out that the opening bid price on each parcel has been reduced to the amount of its assessed valuation, with a minimum opening bid of \$10 instead of a minimum of \$50 as in past sales.

He points out that through sales and redemptions, the Tax Collector's office during the past three years has been successful in reducing the total number of parcels in the County which have been deeded to the State for non-payment of taxes from August, 1939, to date, from 98,616 to 47,537.

Auction sale receipts have been almost \$5,000,000, Murphy states. He estimates that 15,000 parcels currently deeded to the State are not eligible for sale at this time due to the fact that 6,000 of them have been put back onto the Tax Rolls under the five-year installment payment plan, and 9,000 are being withheld from sale, due to the operation of the State Moratorium Law which forbids the offering at public auction of those unredemmed properties which have been deeded to the State since June, 1943.

Approximately 150 delegates from 19 communities in Southern California will be sent to the annual Salvation Army leaders' institute which opens at Mt. Craggs camp near Calabasas in the Malibu mountains July 24th according to Lieut. Colonel Russell E. Clarke, Salvationist leader for Southern California.

In accordance with the State schedule, the local board adopted the minimum teacher salary of \$2400, per year, effective for 1947-48. There will be a local individual schedule announced later, worked out according to training and length of service.

Cancer Unit Starts Out In Trailer

The first mobile cancer service unit west of Oklahoma and the 2nd in the entire nation will hit the highways of Los Angeles County within the next few weeks in search of the dread killer that daily takes fifteen Los Angeles county lives . . . cancer.

The shiny, 22 foot, specially built \$2,000 trailer has three compartments including a reception room where case histories are taken, a dressing room, and an examination room. The trailer is a crisp gray with the famed red doors which denote American Cancer Society clinics all over the nation.

Doctors and nurses from the Los Angeles County Medical Association will donate their time and skill to the trailer during the first weeks of operation in this district. Then, as it travels around the state, other Medical groups will take over.

FRANCE SCENE OF POST-WAR MISERY, HUNGER

Tragic post-war conditions in France were witnessed at first hand by Madam Babin, mother of Mrs. Lee Shippey, who returned Friday from a 14-month sojourn spent primarily in Paris and Normandy.

Empty shelves in the stores, which mean too little food and clothing; empty coal bins; factories lacking raw materials with which to manufacture finished products; caves used as shelters because of bombed out houses—these grim sights were reported by Madam Babin.

The beautiful historical town to Lisieux, near which an aunt of Mrs. Shippey lives, is completely wiped out except for the convent in which Little St. Theresa is buried.

A Frenchman expressed wonder that the Americans were not assisting more, and when Madam Babin pointed out that we needed proof of their trying to help themselves, he said, "But we are so hungry and discouraged."

After a few hours work a man lacks the strength, because of insufficient diet, to carry on.

Summer Campfire Program Includes Ceremonials

Summer activities of the Camp Fire Girls got under way with four leaders attending Summer Workshop at Camp Yallani in the San Bernardino mountains. Those receiving certificates were Berntha Batterson, Iljoris Parker, Betty Carver and Zelma Cook.

The next activity was a ceremonial of the Ta Wan Ka group held at the Youth Hut. Those receiving their "Fly Up" insignias and certificates, which signify graduation from Blue Birds into Camp Fire, were Naomi Vejar, Blythe Gentry, Heather MacKinnon, Ruth Parra and Christine Wallis. Mrs. C. Lauren Maltby made the presentations and Frances Gentry accepted them.

BALLING BABY TALK

By Maxine Balling

Bathing LITTLE HENRIETTA when you're off on a trip can be quite a mess . . . or easy as duck soup if you have one of the new portable tubs from the Balling Baby Shop. These fold up flat so you can tuck it in the trunk. It stands up 18 inches high and has a durable rubberized tub just like the large bath tubs. Set it on the floor or on a table—5.95.

AND IF SHE'S A BOTTLE BABY, you know how it is to heat the bottles when you're in a hotel? Then you should get one of these new bottle warmers. Just plug it in, put a tablespoon of water in it, put the bottle in, and it automatically turns off when the water has boiled away. You also can cook baby food, egg or potato. The warmer is attractively designed in pink and blue plastic (and insulated so you can pick it up). It's 3.95.

GIFT IDEA OF THE WEEK, for little girls: Silvalloy bracelets. They look expensive, but they're not . . . 59c to 1.95 . . . you'd swear they were silver, and there are several nice designs.

I CAN REMEMBER, years ago, hearing about "Boston Knit pants." Well, the firm still is famous for fine knit wear. We just received some of their "Junior-Hi-Knit" pants. In sizes 1 to 8 with ruffled legs, and sizes 4 to 14 with ribbed-band legs. The material is a cool open-mesh "nu-lace," of fine combed cotton, and KNIT, not just woven. They don't have to be ironed. 69c.

into Camp Fire. Lynne Gilderleeve, Janelle Pierce, Sharon Orr, Eloise Velasquez, Audrey Wilson, Bella Dworetzky and Frances Gentry received their Trail Seeker Ranks and Honor beads.

Mrs. Paul Carter and Frances Gentry are assisting as leaders in the Pasadena area Day Camp which offers swimming instruction at the Y.W.C.A., camp craft, hand craft and cook outs twice a week. Local girls attending are Margaret Carter, Carlene Christensen, Melinda Martin, Rita Bonney, Blythe Gentry and ue and Kathleen Sauter.

Girls given the responsibility of acting as counselors at Camp Wasewogan in the San Bernardino mountains, which opened July 1, are Jeanne and Joanne Malby and Phyllis and Sylvia Young. Lynne Gildersleeve, Bella Dworetzky, Phyllis McClelland, Diane Armstrong, Franklin Bradshaw, Elissa Batterson and Betty Cook are attending as campers.

SHRINERS DRIVE FOR HOSPITAL

The 15,000 nobles of Al Malal-Fah temple's jurisdiction in Southern California are conducting an intensive campaign in raising \$1,500,000 for the Los Angeles unit of the Shriners Hospitals for Crippled Children, in a directive from Stanton A. Bruner, general chairman. Bruner stated it was the ambition of Potentate Elmer P. Bromley to lay the cornerstone of the hospital during his year as potentate, which expires in January, 1948.

The site in the heart of Los Angeles has already been purchased, where crippled children regardless of race, color or creed, will be received, the only requirement being that they are under 14 years of age and that their parents are unable to afford the necessary medical treatment and hospitalization.

The second of the University of California's two Summer Sessions will be held on the Berkeley, Los Angeles, and Santa Barbara campuses, August 4 to September 13.

INDIFFERENCE — RUDE SHOCK

When the tumult and the shouting died away after last week's tax meeting—one fact was self evident.

The citizens of Sierra Madre are not well acquainted with—or particularly interested in—the workings of their City government. Until the tax bill comes around.

Then the rumble of the grumble accompanying the opening of the envelopes can be heard for miles about.

THE TAXES OF THE CITY OF SIERRA MADRE ARE DIRECTLY RELATED TO CITY GOVERNMENT EXPENDITURE.

AND THE CITY GOVERNMENT SITS AND EXPENDS TWO TUESDAY NIGHTS IN EVERY MONTH—WITH AN AVERAGE ATTENDANCE OF THREE SPECTATORS.

At the tax meeting the Mayor said the Council was doing its "level best"—that it would welcome a voicing of popular opinion at meetings, the better to form Council action.

A speaker enjoined the audience to "stop squaking in private and do it in public at Council meetings."

And another speaker urged that less "critical" and more "analytical" thought be directed toward city government.

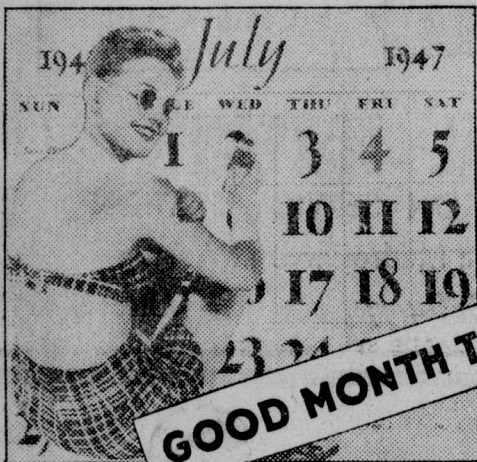

Well, there never was a better time for civic interest. The Council is preparing the 1947-48 budget and should provide a public hearing on all items included.

And on that night the Council Chambers should have standing room only.

THERE IS LITTLE JUSTICE IN A COMPLAINT WHICH IS THE RESULT OF INDIFFERENCE — OR BASED ON LACK OF KNOWLEDGE.

Proper attire in sport is recognized as much a part of the game as the paraphernalia needed to play the game.

In business or in social life proper attire is even more necessary.

Why jeopardize your chances when for small cost you can always keep your clothes in the best of condition if you make it a habit to send them to Bonita for careful expert cleaning and pressing.

Sunday in Ring Ceremony Jensen-Lawrence Vows Read

Doris Mabel Lawrence, daughter of Edmond M. Lawrence of 217 West Orange Grove and Mrs. Helen P. Lawrence of Alhambra, became the bride of Russell Wayne Jensen, son of Mr. and Mrs. Norman B. Jensen of 273 Mariposa avenue, Sunday at 4 p. m. at the Congregational Church. The Rev. Carl Smith performed the double ring ceremony.

The bride was gowned in white mousseline de sois with finger-tip veil and carried a bouquet of carnations and white orchids. Her matron of honor was Mrs. Grace A. Garison, sister of the groom, who chose aqua chambray and carried a spray of yellow asterites. The other attendants were Grace Lawrence, sister of the bride, Lucy Vail of San Jose and Ann Lawrence, younger sister of the bride, who acted as junior bridesmaid. All were dressed in blue-gray chambray, carrying pink and lavender asterites.

Sidney Brock was best man. The ushers were Robert Knapp and Robert Penn.

During the ceremony Richard Patterson, accompanied by Jean Askew, sang "Through the Years" and "Ave Maria."

Owing to the illness of the bride's father the newlyweds cut a small wedding cake at his bedside in St. Luke Hospital.

The couple are spending their honeymoon at Big Bear and will be at home in Rio Linda the latter part of July, where Russell will enter the Junior class of the University of California at Davis. He is specializing in plant pathology.

Following the wedding rehearsal Saturday evening the bride's mother, Mrs. Helen T. Lawrence entertained at a buffet supper at 217 West Orange Grove avenue for the bridal party and escorts. She was assisted by Mrs. John Creighton.

Pre-nuptial events included a shower given by Mrs. Grace Garison and one by Miss Askew.

Miss Stickney, a senior at Stanford, is a graduate of Wright Seminary. She is a granddaughter of the late Mr. and Mrs. Albert John Flint of Montreal and the late Dr. and Mrs. Jerome M. Stickney of AuSable Forks, New York. The bride-to-be is a member of the Woodbrook Hunt Club and the Tacoma Lawn Tennis Club.

Dr. Stork graduated from Stanford in 1944 and from its medical school last month, at which time he completed a year of internship at the San Francisco County Hospital. He is a member of Nu Sigma Nu medical fraternity.

The young couple flew down from Tacoma July 10 and will remain here until the 20th, when Dr. Stork reports at Mare Island for 18 months with the U. S. Navy as a lieutenant junior grade. During their stay here they plan to spend some time at the Stork's Lake Arrowhead home.

◆ The Colin W. Timmons' garden was the scene of a lovely wedding recently at which Barbara Louise Duncan of Needles, niece of Mrs. Timmons' and Sam Sarris of Joliet, Illinois, were joined in marriage.

Three attendants to the bride were Virginia, Daryl and Janet Timmons, all of whom were gowned in white.

Among the guests were Mr. and Mrs. Hutchin Shotwell and daughter, Ann Tremaine, of Tazana, formerly of Sierra Madre. Don Parker played the wedding music.

The newlyweds are making their home in Chicago.

◆ The third annual barn dance, sponsored by Conserso, took place Saturday evening in Pritchard Hall. The gala evening opened with a supper and went on to dancing with Don Parker at the piano.

Many chuckles were drawn from the 125 guests by the antics of Don Miller and his impersonations. Charlene Flenniken presented a clever tap dance as part of the show, and the evening was topped by a fashion show of women's clothes with four husbands acting as models. Duke Dane made a perfect MC.

◆ Mrs. Kenneth Bush was general chairman and was assisted by Mrs. Hugh Colvin, Mrs. Francis S. Dane, Jr., Mrs. Lydia Clardy, Mrs. Bertha Patterson, Mrs. Marie Wallace and Mrs. Charles Skutt. The Pilgrim Fellowship group served.

AUDITOR'S CERTIFICATE

We have examined the balance sheet of the First Federal Savings and Loan Association of Pasadena as of June 30, 1947, and the statement of operations, undivided profits and reserves for the semi-annual period then ended, have reviewed the system of internal control and the accounting procedures of the association and, without making a detailed audit of the transactions, have examined or tested accounting records of the association and other supporting evidence, by methods and to the extent we deemed appropriate.

In our opinion, based upon our examination, the above balance sheet presents fairly the position of the First Federal Savings and Loan Association of Pasadena at June 30, 1947, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding fiscal period.

Annual Meet Of Colleges At Chandler's

The Southern California Seven College Conference held its sixth annual meet yesterday at the home of Mr. and Mrs. Norman Chandler of 800 West Orange Grove Avenue. Their daughter, Camilla Chandler, a June graduate of Wesley, was hostess to approximately 150 Southern California girls who are accepted for entrance to, or expressing an interest in, attending the seven Eastern women's colleges — Barnard, Bryn Mawr, Mount Holyoke, Radcliffe, Smith, Vassar, and Wellesley. Present students also attended. The object of the organization is to cement bonds between these colleges.

Following an afternoon of swimming, tennis and bridge, a picnic supper was served in the garden. Songs, skits, and movies of the various colleges were shown, with the evening closing with an informal discussion of college life.

Short Story

New Englander Bill Estes brought us in a believe-it-or-notter clipping from the Boston Traveler, picturing a 50-year-old church placidly floating down the Cape Cod Canal en route to its new pastorate at Buzzard's Bay.

When it gets there it will be rechristened "St. Peter's On the Canal."

Clipping also divulged that church sailing was delayed by fog and rain.

Raise Your Own Herbs to Be A Home-grown Gourmet

Would like a pinch of borage with your endive? Rosemary in your sauce or thyme in your soup? Don't shake your head, ten to one it is those aromatic herbs used subtly in a \$2.50 dinner that make you sigh with pleasure and vow that home was never like this.

Fresh, or dried herbs evoke a memorable difference in the flavor of foods, a difference acknowledged for centuries, for the roots of herbs are tangled with the roots of mankind and herb lore goes back as far as we can trace.

There are herbs for food, for fragrance, for medicinal use and, of course, for the warding off of evil and giving aid to the lovelorn, the weary, the jealous and the melancholic.

The uses of herbs in cookery are many and, aside from established practices, it is fun to experiment in the flavoring of food with herbs. Cautiously, however, for long cooking makes some herbs bitter and some are even too aromatic for a delicate dish.

They can be added the last two or three minutes of cooking or they can be put into a cheesecloth bag and removed from food before serving. Dried herbs are more concentrated than those fresh from the garden—a teaspoon of dried herbs equals a tablespoon of fresh.

Despite their unassuming character, herbs are an attractive addition to the garden—mingled with flowers and shrubs or in a

Tragedy Toll Of Children High in Summer

"Unless motorists and parents join forces in an all-out drive to prevent summer tragedies, a thousand child pedestrians will be injured on the streets of Southern California during the next three months."

So warns the Public Safety Department of the Automobile Club of Southern California in launching its 1947 Summer Child Safety Campaign through which it is hoped that the number of vacation accidents involving Southland youngsters will be reduced drastically this year.

"With school out and no crossing guards and school patrol in operation, the child on the street again becomes the greatest single concern of the motorist," the Club emphasizes, "and motor vehicle operators and parents must shoulder the major responsibilities of preventing these accidents for children, too frequently, are not aware of their thoughtless actions."

VETERANS DRAW 4 MILLIONS IN PENSIONS

More than 85,000 veterans of both World Wars and regular peacetime service who live in the Los Angeles regional area are now being paid approximately \$4,021,000 in disability compensation and pension checks each month, it was announced today.
